Jewellery & Machinery Expo of  
Kingdom of Saudi Arabia

# Jewel of للبللحة جوهرة السعودية

18 | 19 | 20 DEC 2024

Jeddah International Exhibition and Convention Center  
An Nuzhah, Jeddah, Kingdom of Saudi Arabia

## ABOUT THE EXHIBITION

“JEWEL OF SAUDI” is Kingdom of Saudi Arabia’s unique Business to Business Jewellery and Machinery Exhibition. The second edition of this exhibition will be held in Jeddah International Convention Center from 18th to 20th DEC 2024. This exhibition aims to enhance the jewellery trade of Kingdom of Saudi Arabia by showcasing world class machinery, technology and Jewellery from around the globe and the potential benefits and opportunities associated with domestic production.

The exhibition will pave the way for a more self-sufficient and prosperous jewellery industry in KSA. Through collective efforts and investments, we can build a thriving domestic manufacturing sector that aligns with the vision2030 initiative.

## ABOUT ORGANISERS

KNC Services, founded in 2014, The brainchild of KNC Services is Ms. Kranti Nagvekar, who is the founder and MD. She is a passionate and hard-working woman in the industry, and she is the only female entrepreneur in Jewellery & Machinery exhibition industry.

KNC is rapidly expanding its B2B and B2C jewellery exhibition businesses. The company has made significant contributions to trade domestically and internationally, launching new markets and revitalizing existing ones. KNC has a presence in key markets like Kolkata, Kerala, Odisha, and Mumbai and attracts a large contingent of international buyers annually. The company is now entered KSA, Dubai, to organize B2B trade exhibitions for jewelry and machinery.

As an outward looking industry, we are constantly focused on business prospects beyond our borders. The gem & jewellery industry, which is one of the bright stars of the economy, will get a head start in these regions. We are already witnessing remarkable growth in exports to UAE, Bangladesh, Saudi Arabia and many more, to help the Indian economy and boost the Jewellery market, KNC calendar organising exhibitions to promoting India-made gems & jewellery across the world. These activities have ensured consistent demand for our products and have elevated the global perception of ‘Made in India.’ Also, we are member of NGJCI (National Gem & Jewellery Council of India) under ministry of commerce & Industry.

## ABOUT ASSOCIATE PARTNER

Aly Alshan Company for Exhibitions and Conferences is a well-known organization that specializes in the planning and execution of exhibitions, conferences, trade fairs, and solo country shows, with an integrated team with more than 20 years of experience.

Our expertise lies in creating memorable experiences for both exhibitors and attendees. By providing top-notch services and attention to detail, Aly Alshan Company ensures the success of any event that we organize. Our dedication to excellence has won us a remarkable reputation among both clients and industry professionals.

## ABOUT KNOWLEDGE PARTNER

The Institute of Gems and Jewellery (IGJ) is under KTB Educational and charitable foundation (registered Trust) Its affiliated to the Gem & Jewellery Skill Council of India (GJSCI), a sector of the Skill Council under the National Skill Development Corporation (NSDC), promoted by the Ministry of Skill Development and Entrepreneurship, Government of India.

Instituted by a group of experts with vast experience in the field of gem and jewellery designing, manufacturing, retailing and wholesaling, IGJ nurtures inherent talent in students through professional training on various aspects of the industry.

## GLIMPSES 2023

## KEY FEATURES OF THE EXHIBITION:

01

### Showcase Local and International Manufacturing Expertise:

The exhibition will feature displays of jewellery, highlighting the craftsmanship, quality, and unique designs offered by domestic and international players.

02

### Demonstrate Technological Advancements:

The exhibition will provide a platform for local and international manufacturers to showcase their technological capabilities, such as advanced machinery, 3D printing, and digital design tools. Demonstrations and Interactive sessions will educate attendees about the efficiency and precision offered by these technologies.

03

### Knowledge Sharing:

The exhibition will include seminars, workshops, and panel discussions led by industry experts. These sessions will focus on sharing best practices, innovative techniques, and market insights to help local manufacturers enhance their skills and competitiveness.

04

### Networking Opportunities

The exhibition will facilitate networking and collaboration among industry stakeholders. This will enable manufacturers, designers, suppliers, and retailers to establish valuable connections, fostering partnerships that can strengthen the entire jewellery ecosystem.

05

### Investment Opportunities

The exhibition will attract potential investors interested in supporting the growth of local manufacturing. These investors will have the opportunity to explore partnerships, joint ventures, and funding opportunities with manufacturers looking to expand their operations.

## EXPECTED OUTCOME

By organizing this exhibition, we anticipate the following outcomes:

- 1. Increased Awareness:** The exhibition will raise awareness among industry stakeholders, policymakers, and the public about the potential of in-house jewelry manufacturing.
- 2. Enhanced Manufacturing Capabilities:** The exhibition will encourage local manufacturers to invest in infrastructure, technology, and skills development, thereby improving their manufacturing capabilities.
- 3. Reduced Dependence on Imports:** As manufacturers enhance their in-house production, the industry's reliance on imported jewelry will decrease, leading to greater self-sufficiency.
- 4. Boost to the Local Economy:** Strengthening the jewellery trade through increased in-house manufacturing will contribute to economic growth, job creation, and export potential.
